

Features

- High air volume, low noise
- Lightweight design
- High efficiency and energy saving
- Easy maintenance
- Controlador: Manual control

Parameter Information

Maximum Airflow:	2000 CFM
Sound Pressure:	67 dB
Product Weight:	21.65 lbs
Product Dimensions:	16.06 × 14.02 × 17.24 in
Operating Voltag:	110V-120V,60Hz 224W
Power Cord:	20 ft
Temperature Range:	23-160 °F
Functioning Humidity Range:	≤98%

PRODUCT APPLICATION

The AlorAir GE2000TF Air Mover is a professional-grade device that combines efficiency, versatility, and portability. Its advanced centrifugal design with three adjustable rotating airflow options ensures rapid drying of surfaces such as carpets, floors, furniture, Windows, and walls. The airflow rate of up to 2000 CFM (cubic feet per minute) makes it particularly suitable for drying large surfaces and narrow Spaces.

This air mover is not only versatile but also extremely flexible. With 3 speed settings 5 operating angles (0°, 90°, +10°, -10°,45°), and a built-in 3-hour timer, it is not only perfect for air drying, but also effectively improves indoor ventilation and air circulation. The specially designed carpet clamp can firmly fix the carpet and achieve fast drying.

Designed for commercial and industrial environments, the AlorAir GE2000TF air Mover is equipped with a 20-foot power cord and timer for easy use. Its durable PP housing ensures reliability in large-scale drying, cleaning, and restoration projects. In combination with Alorair's air purifiers and dehumidifiers, a comprehensive water damage repair system is available.

In addition, the device is excellently portable. Plug in and get started, and it easy to store and transport, whether traveling to the job site or moving from room to room. For contractors, restoration specialists, or anyone who needs a portable solution, this device offers unmatched portability and convenience.

KEY DESIGN FEATURES

- 3H timer
- 3-Speed adjustable airflow
- Stackable
- 20 ft Power cord
- Plastic filter
- Blow at four angles
