

Features

- High air volume, low noise
- Lightweight design
- High efficiency and energy saving
- Easy maintenance
- Controlador: Manual control

Parameter Information

Maximum Airflow:	4000 CFM
Sound Pressure:	80 dB
Product Weight:	37.83 lbs
Product Dimensions:	18.6 × 16 × 20.2 in
Operating Voltag:	110V-120V,60Hz 224W
Power Cord:	20 ft
Temperature Range:	23-160 °F
Functioning Humidity Range:	≤98%

PRODUCT APPLICATION

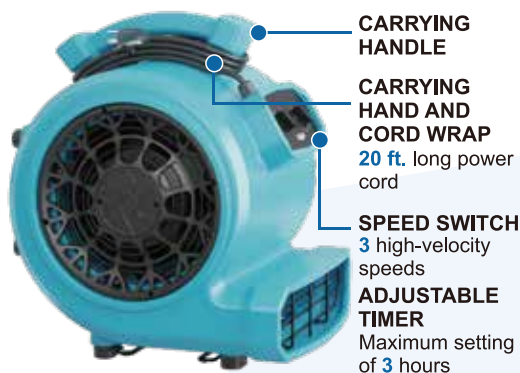

The GE4000T is a high-performance, high-efficiency industrial fan, especially suitable for a variety of applications requiring efficient airflow. Its unique design, combined with advanced technology and a humanized operation interface, provides users with great convenience. The fan not only has an excellent ventilation effect but also is equipped with a timer function, which can set automatic running time according to user needs. This air mover is not only versatile but also extremely flexible. With 3 speed settings 5 operating angles (0°, 90°, +10°, -10°, 45°), and a built-in 3-hour timer, it is not only perfect for air drying, but also effectively improves indoor ventilation and air circulation. The specially designed carpet clamp can firmly fix the carpet and achieve fast drying. The snail fan GE4000T uses an advanced aerodynamic design to achieve excellent ventilation with low energy consumption.

Suitable for a variety of occasions, such as factories, warehouses, workshops, etc., to meet the high demand for air circulation. Fan built-in timer, users can set up to three hours of automatic running time. The timer function not only facilitates the user to control the running time of the fan but also effectively saves energy.

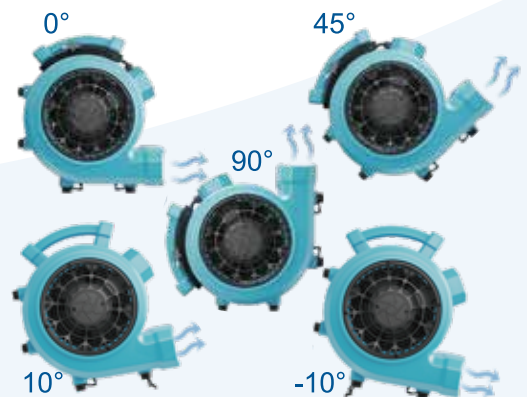

KEY DESIGN FEATURES

- 3H timer
- 3-Speed adjustable airflow
- Stackable
- 20 ft Power cord
- Blow at four angles
